PROFESSIONAL SUMMARY

Frontend Developer with strong experience building **modern, responsive, and high-performance web applications** using **React, Next.js, TypeScript, and Tailwind CSS**. Proven ability to translate business requirements into clean, scalable UI solutions with excellent user experience.

Experienced in **SPA architectures**, reusable component systems, REST API integration, and production deployments using **Vercel and Netlify**. Passionate about usability, performance optimization, and delivering products that solve real-world problems.

TECHNICAL SKILLS

1. Frontend Technologies

JavaScript (ES6+), TypeScript, React.js, Next.js, HTML5, CSS3, Tailwind CSS

2. UI / UX & Architecture

Responsive Design, Mobile-First Development, SPA Architecture, Component-Based Design, Accessibility (a11y)

3. Development Practices

Reusable Components, State Management, Debugging, Code Refactoring, Performance Optimization

4. APIs & Data

REST API Integration, Client-Side Data Handling

5. Tools & Workflow

Git, GitHub, Agile/Scrum, Vercel, Netlify, VS Code

6. Other

SEO Basics, Testing & Debugging, Cross-Browser Compatibility

PROFESSIONAL EXPERIENCE

Frontend Developer — Freelance / Remote

2022 – Present

- Designed and developed responsive web applications using **React, Next.js, Tailwind CSS, and JavaScript**
- Converted UI/UX designs and business requirements into **clean, maintainable, and scalable frontend code**
- Built reusable component libraries to improve development speed and consistency
- Implemented **mobile-first** layouts ensuring compatibility across devices and browsers
- Integrated REST APIs and managed client-side application state
- Optimized performance, animations, and page load times for smooth user experiences
- Collaborated in **Agile/Scrum environments**, delivering features iteratively
- Used Git/GitHub for version control, clean commits, and collaboration
- Deployed production-ready applications on **Vercel and Netlify**

SELECTED PROJECTS

1. ATSify — Resume Optimization Tool

🔗 <https://at-sify.vercel.app/>

A web application that analyzes job descriptions and generates ATS-optimized resumes.

- Built a web application that analyzes job descriptions and generates **ATS-optimized resumes**
- Developed with **Next.js, React, and Tailwind CSS** for speed and scalability
- Designed intuitive UI flows to simplify resume optimization for job seekers
- Optimized performance and deployment using Vercel

2. Dali Wears — E-Commerce Fashion UI

🔗 <https://dali-m2rk.vercel.app/>

A modern storefront interface for a clothing brand.

- Developed a modern fashion storefront interface
- Engineered product listings, category filters, and navigation flows
- Built reusable card components and responsive grid systems
- Maintained strong brand consistency and mobile usability

3. Smart Invoice — Invoice Generation & Management Web App

🔗 <https://smart-invoice-eta.vercel.app/>

A web application for creating, managing, and exporting professional invoices.

- Developed a smart invoicing application for creating and managing professional invoices
- Implemented clean, user-friendly UI with **React, Next.js, and Tailwind CSS**
- Focused on usability, form validation, and clear data presentation
- Designed responsive layouts suitable for both desktop and mobile users

4. Landing Page Generator — Automated Marketing Page Builder

🔗 <https://landing-page-generator-taupe.vercel.app/>

A tool for generating high-converting landing pages quickly and efficiently

- Built a landing page generator that creates **ready-to-use marketing pages**
- Implemented dynamic UI generation and reusable layout components
- Focused on speed, visual consistency, and conversion-friendly design
- Deployed with optimized builds for fast load times

5. NFT Marketplace — Web3 Frontend Experience

🔗 <https://nft-marketplace-22.vercel.app/>

A responsive marketplace interface for browsing and showcasing NFT collections.

- Created a responsive NFT marketplace interface using **React and Tailwind CSS**
- Built NFT card grids, filters, and interactive UI components
- Designed modular architecture for scalability and maintainability
- Optimized animations and rendering for smooth UX

6. Personal Portfolio — Developer Showcase

<https://my-portfolio-idara-etim.vercel.app/>

A fully responsive portfolio highlighting projects, tools, and experience.

- Built using **Next.js + Tailwind CSS** with optimized routing and image handling.
- Integrated external links including GitHub, LinkedIn, and project case studies.
- Designed minimal, fast, and recruiter-friendly UI for quick navigation.

EDUCATION

University of Uyo, Nigeria

Bachelor's Degree (In Progress) — Computer-related discipline

SOFT SKILLS

1. Strong problem-solving skills
2. Clear communication

3. Attention to detail
4. Ability to work independently
5. Team collaboration in Agile environments
